MEMORANDUM FOR ADMIRAL ROBERTSON

SUBJECT: Proposed Table of Organization for the Strategic Warning Staff

1. I have talked further with Captain Zartman and have come up with a proposed Table of Organization (attached). As you know he has already agreed to stay on as my deputy. We would also like Colonel Plucinsky to remain as a special assistant to help us over the initial hurdles. Next summer we might want to reconsider the need for these two positions and also for that of one of the two secretaries. I think it is wise to keep both at the outset. We have included slots for the Navy and State representatives in the hope that they will participate.

2. I would suggest a ball park figure of 2400 square feet to accommodate the new staff. It would be especially helpful if we could acquire our own conference room.
